### **Policy document on the green campus/plastic free campus**

Late Dattatraya Pusadkar Arts College demonstrates higher sensitivity and responsibility in implementing green concepts in the campus. The campus sustainability initiatives is established with the aim of promoting green practices in and beyond the institution and develop best practices strategies in environmental management. The establishment and maintenance of green campus is important, spreading awareness on the green practices among students and educating stake holders is our priority.

The policy starts with information and ends with a plan of action. In turn, the institute will fairly manage water resources, waste management, conserve natural resources, and provide eco-friendly and recommend minimal paper use. Institute will implement following practices towards establishment and maintenance of green campus and adopt the awareness and green initiatives beyond the campus too. This will result in safe environment that is a better place to live, learn and play.

## **Water Management**

- Always practice and implement rain water harvesting.
- Regularly inspect taps for draining and repair immediately to avoid loss of potable water.

## **Waste Management**

- Spread the awareness amongst society about the waste management for ecosystem and methods for its disposal.
- Promote the efforts for the conversion of waste into renewable energy.
- Dust bins are kept in every department to keep campus clean.
- Cleanliness in and around the campus and waste minimization

## **Renewable Energy**

- Adopt and promote power saving electrical equipments
- The use of bulbs and equipments in saving of power.

## **Paperless Office**

- Advocate the benefits of paperless work in reducing the waste production and green practices.

## **Tobacco Free campus**

- According to institute policy and rules the use of tobacco products is treated as offence.

## **Plastic Free Campus :**

- Use of plastic is strictly prohibited in campus. Boards “*Plastic Free Campus*” are displayed in the campus.

## Save Energy TIPS:

- Activate power management features on your computer and monitor so that it will go into a low power “sleep” mode when you are not working on it.
- Turn off your monitor when you leave your table.
- Whenever possible, shut down rather than logging off.
- Turn off unnecessary lights and use daylight instead.
- Use LED bulbs.
- Keep lights off in seminar hall, classrooms, laboratory when they are not in use.
- Use the fans only when they are needed.
- Boards are displayed “*Switch off the lights and fans while living the Classroom / Laboratory*”
